Course Duration:

Practice Exam - MD-100: Modern Desktop Administrator (Windows 10)

About this Exam:

In this official practice exam for MD-100: Modern Desktop Administrator (Windows 10), you shall gain access to the MD-100 Practice exam. The practice exam, based on the actual exam, contains 151 questions.

Skills Measured:

This exam measures your ability to accomplish the following technical tasks:

- Deploy Windows
- Manage Devices and Data
- Configure Connectivity
- Maintain Windows

Who should take this Exam?

Candidates for this exam are administrators who deploy, configure, secure, manage, and monitor devices and client applications in an enterprise environment. Candidates manage identity, access, policies, updates, and apps. As an administrator, candidates typically collaborate with a Microsoft 365 Enterprise Administrator to design and implement a device strategy that meets the business needs of a modern organization. Candidates must be familiar with Microsoft 365 workloads and must be proficient and experienced in deploying, configuring, and maintaining Windows 10 and non-Windows devices and technologies.

Certifications:

This practice exam will prepare you for Microsoft 365 Certified: Modern Desktop Administrator Associate Certification. To get the Official Exam Voucher for this certification, please contact [Support](#).
