Practice Exam - MD-101: Modern Desktop Administrator (Managing Modern Desktops)

About this Exam:

In this official practice exam for MD-101: Modern Desktop Administrator (Managing Modern Desktop), you shall gain access to the MD-101 Practice exam. The practice exam, based on the actual exam, contains 150 questions.

Skills Measured:

This exam measures your ability to accomplish the following technical tasks:

- [Deploy and update operating systems](#)
- [Manage policies and profiles](#)
- [Manage and protect devices](#)
- [Manage apps and data](#)

Who should take this Exam?

Candidates for this exam are administrators who deploy, configure, secure, manage, and monitor devices and client applications in an enterprise environment. Candidates manage identity, access, policies, updates, and apps.

As an administrator, candidates typically collaborate with the M365 Enterprise Administrator to design and implement a device strategy that meets the business needs of a modern organization.

Candidates must be familiar with M365 workloads and must be proficient and experienced in deploying, configuring, and maintaining Windows 10 and non-Windows devices and technologies

Certifications:

This practice exam will prepare you for Microsoft 365 Certified: Modern Desktop Administrator Associate Certification. To get the Official Exam Voucher for this certification, please contact [Support.](#)
