Learning Style: On Demand

Provider: Microsoft

Difficulty: Advanced

Course Duration: 2 Hours

Access 2016 Advanced II - Part 2

About this course:

This is the second in a series of advanced Access 2016 courses, aimed at increasing your proficiency in managing databases within Microsoft's popular business program. Learn to create and design a database, explore tables and forms, query data, create advanced reports, and use Macros to develop automation.

Access is a database creation and management program. It helps you design and build a robust database to help your organization run smoothly. Many small to medium-sized businesses use Access for this exact purpose.

Audience:

- Learners who have attended our Microsoft Access 2016 Basic to Intermediate course or for users with good working knowledge and experience in using Microsoft Access 2016

Prerequisites:

- There are no prerequisites for this course
